

*Iron Art*TM *by* **ORION**

From our humble beginnings as an iron workshop manufacturing gates and fences in 1983, Orion Ornamental Iron, Inc. has grown into an established and well-known national brand in the drapery hardware industry. Our diverse collections, many of them award-winning, cover a wide range of décor styles and drapery hardware functions to meet the needs of today's designers.

We are best known for our Iron ArtTM collection. It includes a varied array of over 150 finials, traditional rods with rings or traversing systems with manual or motorized draw options, coordinating rings and brackets in a wide variety of choices, and plenty of accessories, all available in 35 beautiful Iron ArtTM finishes. And since customization is our specialty, whether it's creating a finish, fabricating custom parts, or making a custom design, Orion can offer you a complete drapery hardware solution.

Manual and Motorized Traversing

Orion's traversing systems come with many great features, plus plenty of options to choose from.

When using traversing, draperies will open and close easier than traditional rod and ring combinations through the use of heavy-duty glides, tracks and pulleys. With these heavy-duty systems you can safely hang up to 62 pounds of drapes on a 16 foot track; great in these days of lining and interlining. Single or double track systems up to 30 feet in length allow for a wide range of drapery styles. Front tracks are available with or without rings.

Our cord or baton drawn traversing collections include Designers' Choice (Iron, Wood, and Italian fascia styles), Tuscany Traversing (lightweight embossed metal rods), and Deco Lite Traversing (lightweight embossed metal panels). All these collections can be motorized with Somfy.

Orion offers nearly 200 different finials and 52 beautiful finishes to compliment your traversing system. You can even do your own custom finish. With so many options to choose from, you're sure to create that perfect design!

New Finial Designs

3 New Designs for the Italian Collection

We've expanded our Italian Collection with three new finial designs for you to choose from. These modern styles combine the sleek sophistication of plated metal with the timelessness of wood. Finials are available in two different sizes. Choose from six Italian finishes for the metal and three wood finishes for the insert. Interior fit only. Available for 3/4", 1", and 1 1/4" diameter rods. Not available for Traversing Rods. Available While Supplies Last.

Wood ArtTM by ORION

Our Wood ArtTM collection was introduced to expand the hardware options we offered designers, adding the classic elegance of wood to our drapery hardware selection. Wood ArtTM is a beautiful, versatile group that will enhance any designer's imaginative repertoire.

Crystal, wood, and resin finials designed to fit 1 3/8", 2", 2 1/4", or 3" poles are offered in a range of styles that will blend with or complement any décor. All are available in 35 Iron ArtTM and 11 Wood ArtTM finishes, as well as your own custom finish.

Wood ArtTM features wood poles in smooth or fluted designs. There are two wood bracket styles and two wood ring styles to choose from. All our wood poles are also available with manual or motorized traversing.

Interested in an iron-wood fusion solution? Mix iron and wood together for a truly original look. Iron finials, rings, and brackets can all be incorporated for a one of a kind design.
