

A photograph of a window with white cellular shades. The shades are partially open, showing a view of a balcony with a glass railing. In the foreground, there is a brown cushion with a white pattern and a green plant with large leaves. A white remote control is visible on the wall to the left of the window.

GRABER® | DELIGHT IN  
EVERY DETAIL

Cellular Shades

## ALLOW US TO HANDLE THE DETAILS

As part of the Graber Experience, your dedicated Graber Window Treatment Expert is at your service—before, during, and after your project. In addition to showing you styles, colors, and options tailored to your living space, your Graber Expert will see to all your project details, including:

### **Design**

Custom design consultation, filled with inspiring design trends and innovative project solutions.

### **Measure**

Professional in-home measurement for a perfect fit, worthy of your custom window treatments.

### **Install**

Timely, expert installation, ensuring precise, level placement and secure, discreet mounting.

### **Service**

Servicing or replacement should any issues arise, for years of smooth, worry-free performance.

## MOTORIZATION & SAFETY

# Comfort, Control & Peace of Mind

Open your shades from the comfort of your couch or bed—or lower them dramatically in your home theater, just as your movie begins. Enjoy motorization with any of our cellular fabrics for remote-controlled ease and streamlined, cordless style. The absence of exposed cords makes motorization the safest option for homes with children and pets, while pairing them with a smart home system can save energy and improve home security.

## HEALTHY HOME FABRICS

# Health. Wellness. Happiness.

Graber's new Infuse collection offers cellular fabrics with a proprietary, antimicrobial coating designed for continuous protection from bacteria, mold, and more. Engineered to help promote a healthy home environment, these fabrics are metal free and designed to also reduce odor, as well as the need for cleaning, prolonging the life of your fabric.

**ENERGY EFFICIENCY**

Why Cellular Wins

Graber Cellular Shades are not only beautiful, but among the hardest-working shades available. Soft, honeycomb-shaped cells create "pockets" that trap and prevent both hot and cold air from escaping or entering through your windows. This not only saves you money on your energy bills all year long, but also regulates the temperature inside your home, for improved comfort.

GRABER®

Fabric colors may vary slightly from the samples shown. While we maintain strict standards to control variations, color may shift slightly from dye lot to dye lot. To reduce the possibility of dye-lot variation, please order all shades for the same room at the same time. Also, please note that fabric color may appear to vary depending on the time of day, lighting, and shade position.

## VERSATILITY

# Sunshine on Demand

Choose two cellular fabrics with different opacities, such as light filtering and blackout, to let gently filtered sunlight in by day—or block out light completely at night. The flexibility of this combination, 2-in-1 shade is ideal for rooms that get a lot of use and sun.

## BLACKOUT

# A Simple Solution for Restful Rooms

Graber Cellular Shades are an ideal solution for bedrooms. Many of our popular fabrics are available in blackout, allowing you to create true darkness (which also comes in handy for media rooms!). And because cellular shades help prevent cool or heated air from escaping or entering the room, they can also help regulate the temperature in the room for a comfortable climate. Their unique honeycomb-shaped cells also absorb sound for a serene atmosphere.

GRABER®

Fabric colors may vary slightly from the samples shown. While we maintain strict standards to control variations, color may shift slightly from dye lot to dye lot. To reduce the possibility of dye-lot variation, please order all shades for the same room at the same time. Also, please note that fabric color may appear to vary depending on the time of day, lighting, and shade position.

can expect years of exceptional performance.

With our best-in-class service, we'll do whatever it takes to exceed  
your expectations, as it is our goal to delight you with an  
uncommon experience of excellence and sincerity.  
Thank you for your business.

WARNING/ADVERTENCIA

Window blind cord can STRANGLE your child.  
To prevent strangulation, purchase cordless products or products with inaccessible cords.

La cuerda de la persiana puede ESTRANGULAR a su niño.  
Para evitar el estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

WARNING/MISE EN GARDE

STRANGULATION HAZARD — Young children can be strangled by cords. To prevent strangulation, purchase cordless products or products with inaccessible cords. Immediately remove this product if a cord longer than 22 cm or a loop exceeding 44 cm around becomes accessible.

RISQUE D'ÉTRANGLEMENT — Les enfants en bas âge peuvent s'étrangler avec des cordes. Pour éviter l'étranglement, acheter les produits sans corde ou les produits dont les cordes ne sont pas accessibles. Enlevez immédiatement ce produit si une corde mesurant plus de 22 cm devient accessible ou si le contour d'une boucle de plus de 44 cm devient accessible.
