Pirouette®

Creating a world of beauty and illumination

BEFORE

AFTER

Fabric: Grant™ Color: Sahara in Light Filtering, 5" vane Operating System: PowerView® Motorization

Introducing Pirouette®
ClearView® Shadings,
crafted with a specialized
sheer that provides
superior view-through
and offers UV protection
for flooring and artwork.

Fabric ClearView® Satin **Color** Luxe in Light Filtering, 5" vane
Operating System PowerView® Motorization

Fabric Serene™ Color Brooke in Light Filtering, 5" vane Operating System UltraGlide®

A wide array of luxurious fabrics in exquisite colors and textures offers distinct sculptural beauty as well as exceptional UV protection.

With PowerView® Motorization,
you can program your
Pirouette® shadings to operate
on your schedule and even
control them remotely.

Fabric Satin **Color** Amethyst in Light Filtering, 5" vane
Operating System PowerView® Motorization

From beautiful neutrals to bolder hues, Pirouette® shadings are available in a range of on-trend colors to meet a variety of tastes.

Fabric Satin Metallic™ **Color** Rose Gold in Light Filtering, 4" vane **Operating System** PowerView® Motorization

A striking feature in any space, Pirouette® shadings feature cordless operating system options for enhanced child safety.

Fabric Shantung Color Ballet in Light Filtering, 5" vane Operating System PowerView® Motorization

The Whole House Solution™

For rooms that require horizontal and vertical window treatments, Pirouette® Window Shadings and Luminette® Privacy Sheers are a perfect pair.

Pirouette Fabric Stria **Color** Sand Shimmer in Light Filtering, 5" vane **Operating System** PowerView® Motorization
Luminette Fabric Stria **Color** Sand Shimmer in Translucent **Operating System** PowerView® Motorization

Fabric India Silk™ **Color** Arani in Room Darkening, 5" vane **Operating System** UltraGlide® with Two-on-One Headrail

Every Pirouette® fabric is available in a room-darkening opacity, which blocks the majority of incoming light.

Pirouette® ClearView® Shadings feature a specialized black sheer for superior views, beautiful light control and UV protection. The sheer appears clear at the window, giving the illusion of floating fabric vanes.

Pirouette® Shadings

For Maximum Light Filtering

The preferred choice for filtering harsh incoming light and UV protection. Pirouette® Shadings are available in light-filtering and room-darkening opacities and with all operating systems.

Pirouette® ClearView® Shadings

For Superior View-Through

The preferred choice for crisp, clean view-through, light control and UV protection. Pirouette® ClearView Shadings are available in light-filtering and room-darkening opacities, ClearView Satin and ClearView Satin Metallic™ fabrics, and with all operating systems.

Light Control

Soft, contoured fabric vanes, combined with a single back sheer, create exquisite light control.

View-Through

Designed with exclusive back sheers, Pirouette and Pirouette ClearView® provide unobstructed views.

Privacy

The unique design of Pirouette® shadings allows for discreet levels of privacy inside.

Benefits of Pirouette® Window Shadings include an innovative design for incredible view-through, multiple light-control options and sculptural beauty.

The Whole House Solution™

Pirouette Window Shadings and Luminette® Privacy Sheers are a perfect pair.

UV Protection

Block the sun's harmful rays to protect furniture, artwork and flooring from fading.

Fabric Collection

Vibrant, fresh fabrics create a robust collection rich in color and texture.

Controlling your view
is as easy as adjusting
the vane position.

Fully open for maximum view-through.

Partially open for a gentle cascade of depth and dimension.

Flat for complete privacy and light control.

Invisi-Lift™

The Invisi-Lift™ system allows vanes to gracefully open and close on a sheer backing, providing beautiful functionality with unobstructed views.

Intelligent design combined
with beautiful fabrics
provide precise, dynamic
light control.

Opacity Option Light Filtering
For diffused light and privacy.

Opacity Option Room Darkening
Blocks majority of the light.
Note: This is not a blackout product. A warm glow may filter between each vane.

Vane Size 4" Vanes Open
*Available in Satin and Satin Metallic™ fabrics only.

Vane Size 5" Vanes Open

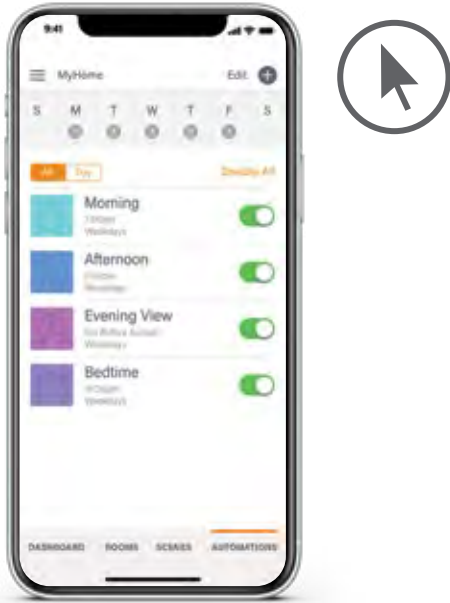

Vane Size 4" Vanes Closed
*Available in Satin and Satin Metallic fabrics only.

Vane Size 5" Vanes Closed

- Battery Powered or Hardwired**
For seamless installation, operation and maintenance.
- Voice Control**
Compatible with smart speakers and smart-home systems.

For more details on PowerView, open the opposite page and visit hunterdouglas.com/powerview-design-options ►

SoftTouch™ Motorization
A battery-operated, cordless system. Gently pull down on the wand to lower shadings, or lightly push up to raise them.

UltraGlide®
A single retractable wand for enhanced child safety. With one click, the fabric panel drops for complete privacy. Pump the wand to open the vanes or raise the shading.

EasyRise™
A continuous cord loop system raises and lowers the shading by simply pulling on the cord.

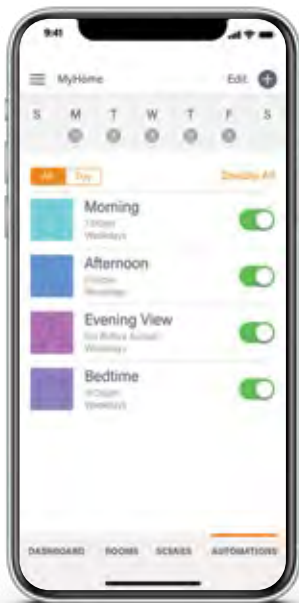

⚠️ WARNING/ADVERTENCIA	
	Window blind cord can STRANGLE your child. To prevent strangulation, purchase cordless products or products with inaccessible cords.
	La cuerda de la persiana puede ESTRANGULAR a su niño. Para evitar el estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

Child Safety Labels on Corded Systems
These warning labels appear on window fashions with cords to make consumers aware of window cord hazards for children and pets.

A Day With PowerView®

7:00 AM Morning
Schedule shades to let in just the right amount of light.

2:00 PM Afternoon
Shades adjust to protect furnishings from harsh midday sunlight.

5 Minutes Before Sunset
Based on your local sunset time, shades open to reveal your best view.

10:30 PM Bedtime
Shades lower automatically for privacy and a perfect night's sleep.

Bottom Fabric Panel Variance ensures top-to-bottom vane alignment from one shading to another.

Small Bottom Fabric Panel Variance

Large Bottom Fabric Panel Variance

Zero Bottom Panel

This optional feature for *outside mount only*, transforms the bottom panel into a functioning vane. This may add up to 5" to the length of the shading.

To ensure shadings are fabricated with bottom fabric panels of the same height, they must be ordered:

- With identical height measurements
- At the same time
- With the same fabric and vane size
- With the same mounting style

The bottom fabric panel is adjusted to accommodate the height of the shading and allow for top to bottom vane alignment. The height of the bottom fabric panel varies from 0" to up to 5" and cannot be predicted until the shade is in manufacturing.

Two-On-One Headrail
Shadings operate independently on the same headrail—an ideal solution for wide windows and sliding glass doors.

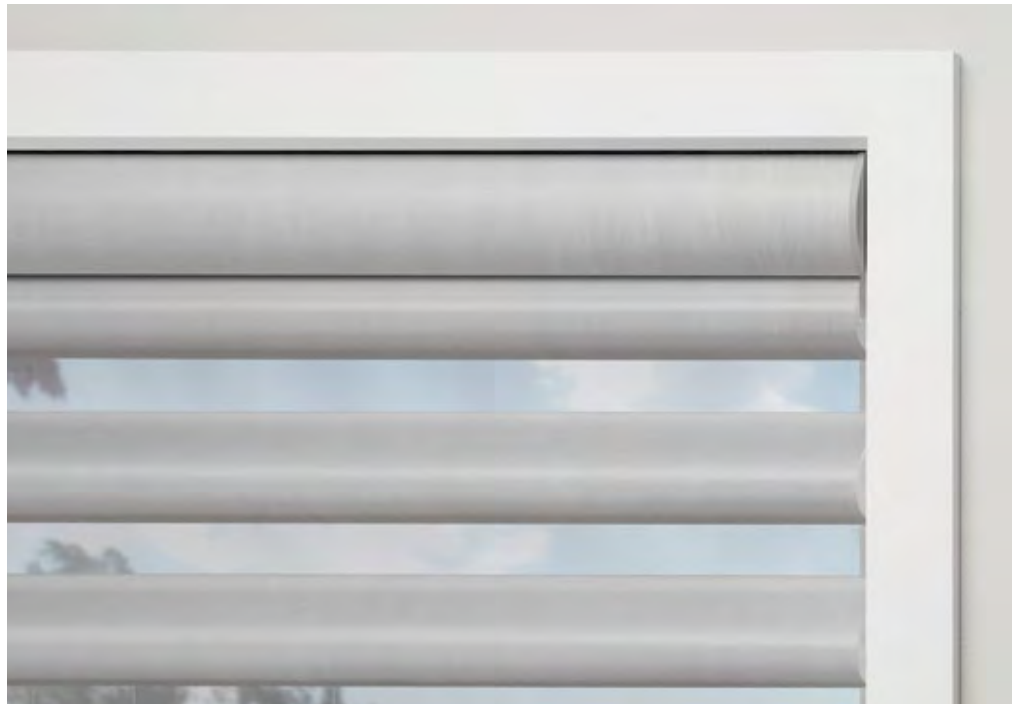

Fabric-Covered Headrail
Headrail fabric beautifully matches the shading to create a streamlined look.

Fabric-Covered Bottom Rail
A coordinating fabric on the bottom rail adds the perfect finishing touch.

The Finishing Touch

Inside Mount

Partial Mount

Outside Mount

Specialty Shape Mount

These window shadings are non-operable, mounted to the window with stationary vanes closed in the contour position.

*See Reference Guide for a full selection of specialty shapes.
