Operating System PowerView® Automation,
TrackGlide™, Vertiglide™ Left Stack
(Vertiglide not available in Canada)

Our antimicrobial fabric, Commercial with Microshield™, resists the growth of bacteria, mold and mildew on Duette® shades.

Benefits

Superior Energy Efficiency
Designed with three insulating pockets, Duette® Architella® shades help save more energy at the window, no matter the outdoor climate.

Extensive Offering
Most pleat sizes and opacities are available in every fabric. Choose from a broad selection of beautiful colors, as well as operating systems and design options, to discover your perfect Duette shade.

Noise Reduction
Duette® shades absorb sound energy, helping to create a more tranquil room.

Larger Sizes with Small Stack
Duette shades are engineered to provide a low profile when fully raised on taller windows, allowing for unobstructed views.

Coordinating Headrail Finishes
Textured matte headrails are color coordinated to the fabric for a cohesive design.

Sustainable Fabrics
Duette Architella Alexa™ and Thea™ outer cell fabrics are innovatively crafted with 90% recycled materials.

Easy Care and Cleaning
To ensure lasting beauty, all Duette shades are anti-static, dust and soil resistant and easy to clean.

Outstanding UV Protection
Protect your furniture, flooring and artwork from harmful UV rays with Duette shades.

Year-Round Comfort

Live Comfortably in Any Climate

Energy-efficient shades help keep your home warm in the winter and cool in the summer.

Fabric Architella® Alexa™ **Color** Skye
Operating System PowerView® Automation

Energy Efficiency

Cost Savings

Shades help control the indoor temperature, so you can spend less to heat and cool your home.

Sustainability

Shades may eliminate a need for artificial lighting by softly diffusing natural sunlight within a room.

Superior Insulation

An innovative, insulating design features an extra layer that protects your home from harsh outdoor temperatures.

Automation Throughout the Year

PowerView® Automation lets you schedule shades to open and close according to the sun's movements, so your home's temperature is regulated automatically.

Fabric Whisper™ Sheer Color Daisy White
 Fabric Architella® Reception Color Oxford
 Operating System PowerView® Automation
 Design Option Duolite®

Light Control and Privacy

ClearView® Sheer
 Provides the most natural light and view-through with minimal privacy.

Semi-Sheer
 Provides view-through with increased privacy.

Light Filtering
 Gently filters light and offers moderate privacy.

Room Darkening
 Blocks most incoming light with maximum privacy.

Duolite® Design Option

Duolite® with ClearView® Sheer
Combine a ClearView® sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite Dual Opacity Option with Whisper Sheer™
Combine a Whisper sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite® Dual Opacity Option with Semi-Sheer
Combine a semi-sheer fabric with a light-filtering or room-darkening fabric in a single shade.

Duolite Dual Opacity Option with Light Filtering
Combine a light-filtering fabric with a room-darkening fabric in a single shade.

OPERATING SYSTEMS
AND DESIGN OPTIONS

Additional Operating Options

SkyLift™ *

This system covers large skylights. Available with manual or motorized operation in top stack only.

Vertiglide™ *

For vertical applications such as patio doors, this system provides side-to-side operation. Offered in four stacking configurations.

Vertiglide® Duolite®

A center-opening design combines two opacities in one. Each fabric can span the full width of the opening.

Vertiglide® Traveling Center Stack

Shades open from the sides and stack in the center.

Simplicity™ *

This manual system is designed for skylights and other hard-to-reach windows. Can be oriented for top, bottom or side stack.

Vertiglide® Split Stack

Shades operate individually.

Vertiglide® Left Stack or Right Stack

Left stack opens from right to left. Right stack opens from left to right.

*Not available in Canada.

Design Options

Pleat Size and Construction
Choose from a wide selection of pleat sizes and constructions, ensuring the best product for your needs. (3/4" not available in Canada)

LightLock®
The Duette® LightLock® system utilizes channels with specially shaped micro-ridges to absorb and deflect incoming light.

Doors and Sidelights
Duette® shades are an ideal solution for French doors and sidelights.

Streetside Fabric
Architella® Elan® fabrics have an off-white streetside color that reflects sunlight and provides a more neutral look.

TrackGlide™ with LiteRise®
For European-style tilt-turn windows or French Doors, this operating system keeps shades in place during window operation.

Two-On-One Headrail
Two independently operated shades can share the same headrail.

Specialty Shapes
Easily cover windows in your home that have unusual shapes or sizes.

Top-Down/Bottom-Up
Operate shades from top-down or bottom-up to achieve desired level of light and privacy. (Top-Down/Bottom-Up not available in Canada)
