All our products are custom manufactured to the highest quality standards and backed by a Limited Lifetime Warranty.

CHILD SAFETY

PREVENT ACCIDENTS **RAISE THEM WITH CARE**

When it comes to your kids, your window treatments shouldn't be a worry. With a few simple precautions, they don't have to be.

When we develop a treatment that we think is child-safe, we send it to an independent laboratory for testing. When it passes the stringent criteria required to ensure child-safety, with no operating cords or inner cords accessible per industry safety standards, they are marked Certified Best for Kids. You can easily identify these products by looking for the logo.

Check out our *Quick Reference Chart* to quickly determine which child-safe window treatment style works for you.

THE BLINDS COLLECTION

“Happiness is the biggest window a house can ever have.” - Mehmet Murat Ildon

Heartland Woods® Custom Wood Blinds are inspired by nature. Crafted from an array of beautiful stains and designer paint colors, they are available in two slat sizes to balance the lines of any room or window.

Fidelis® Composite Wood Blinds portray the warm, elegant look of real wood blinds in a collection of white finishes and wood-grain colors. All are ideal for a room with heat and humidity, and offer carefree cleaning and maintenance.

Wonderwood® Faux Wood Blinds create a warm and inviting home inspired by nature with the rich natural look of real wood blinds.

Classic Collection™ Aluminum Blinds bring you a comprehensive selection of colors, slat sizes, headrail systems and options to perfectly fit any budget, window application, and personal taste. Find next level customization with a selection of over 100 different styles.

Discoveries® Custom Vertical Blinds have long been favored for being easy to clean, durable, and functional. You'll enjoy your own amazing discoveries when you find how beauty and function combine to create the perfect solution for you.

Transitional Shades

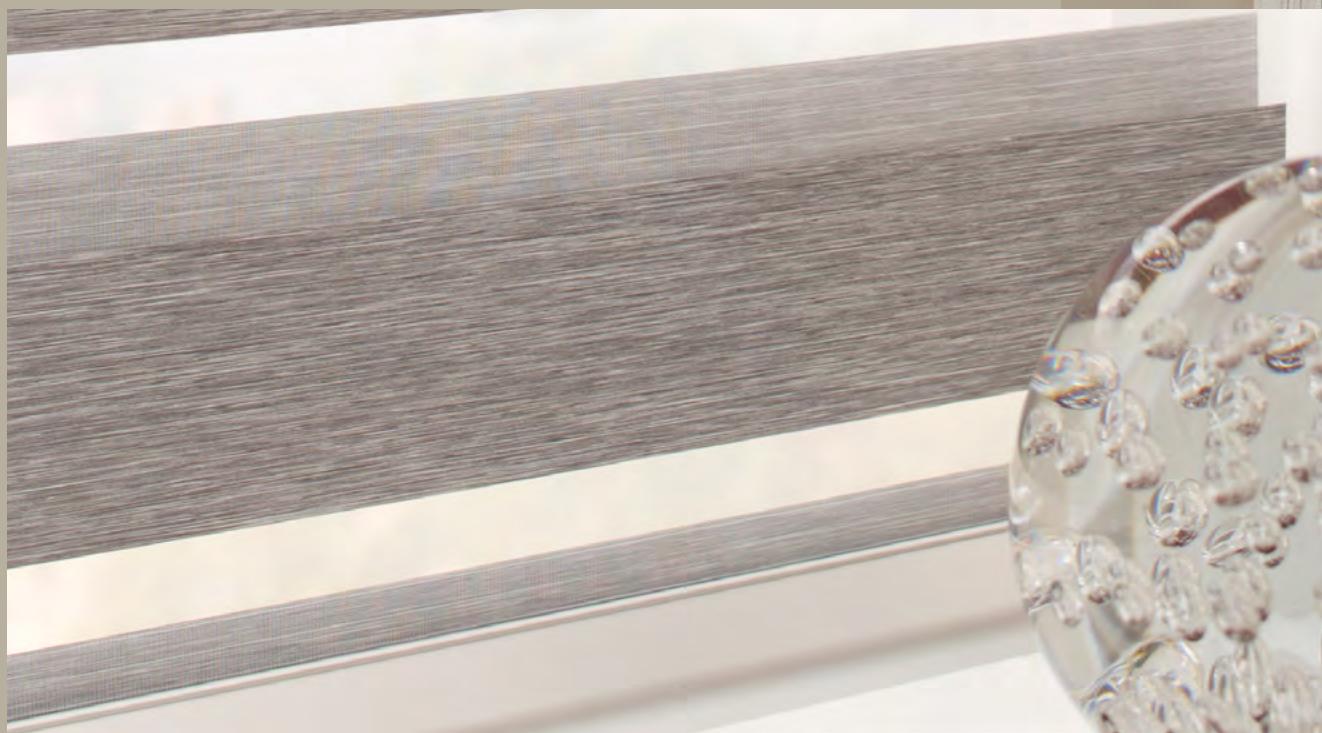

*“Form and function
should be one, joined in
a spiritual union.”* - Frank Lloyd Wright

While every Transitional Shade offers optimal control of light and privacy with precision, how they look inside and what you see outside is a matter of personal choice. You choose the degree of opacity and vane width that is perfect for you.

Allure® Semi-Sheer vanes gently filter the sunlight and disperse delicate light throughout the room when vanes are closed.

Allure® Semi-Opaque provides light control and privacy while still allowing a warm glow of natural light.

Cellular Shades

“The atmosphere is the sensory amplification of the ambiance.” - Jean-Louis Deniot

The inherent beauty of Parasol® Cellular Shades is certainly no secret, but these shades are so much more than a pretty face. The ingeniously designed cellular construction traps air in distinct pockets, which creates insulation that can lower your energy consumption and energy bills.

An expansive range of pleat sizes, fabrics, colors, opacities, and textures, along with innovative lifting systems and design options, make Parasol® Cellular Shades the smart choice for any window.

Sheer Shadings

*“A room is not a room
without natural light.”*

– Louis Kahn

Tenera Sheer Shadings not only look good and perform beautifully, these carefully engineered treatments offer exceptional UV protection for delicate home furnishings with up to 88% ultraviolet protection with the vanes open and 99% when closed.

Spanning extra-large windows, while maintaining outside views and indoor privacy, is no problem with Tenera Sheer Shadings. When raised, the shadings disappear into the headrail for an unobstructed view.

THE
SHUTTERS
COLLECTION

“Stick to the things you love. An honest room is always up to date.” – Billy Baldwin

Parke® Shutters are made with durable American engineered materials for the look of real wood, without the worry.

Being inherently cordless, you can rest easy, as there is no risk for little ones or pets to get caught in operating cords.
